

Ether Channel

Ether-Channel Configuration Type 1--

Switch 1:

Step 1: #int Rnage f0/1-5

#switchport mode trunk

#Channel-protocol pagp

#Channel-group <1> mode desirable

#No shutdown

Switch 2:

Step 1: #int Rnage f0/1-5

#switchport mode trunk

#Channel-protocol pagp

#Channel-group <1> mode desirable

#No shutdown

Ether-Channel Configuration Type 2--

Switch 1:

Step 1: #int Rnage f0/1-5

#switchport mode trunk

#Channel-protocol Lagp

#Channel-group <2> mode Active

#No shutdown

Switch 2:

Step 1: #int Rnage f0/1-5

#switchport mode trunk

#Channel-protocol Lagp

#Channel-group <2> mode Active

#No shutdown
